Behaviour Policy

Academic year	2025, 2026
Date adopted	_____
Review date	August 2026 (annual)
Policy owner	Didar Hasan, Founder & Head Teacher
Students served	Ages 5 to 18 (weekday and weekend sessions)
Related policies	Safeguarding & Child Protection Policy, Uniform Policy

A believer is a mirror to his brother. A believer is a brother of a believer: he protects him against any danger and guards him from behind.

(Related by Al Bukhari in Al Adab Al Mufrad and by Abu Dawood.)

The Prophet (saw) said: "None of you truly believes until you wish for your brother what you wish for yourself."

1. Purpose

This policy aims to create a safe, respectful, and productive learning environment in which students develop strong character (akhlaq), disciplined conduct (adab), and sound knowledge. It reflects Islamic values while meeting UK safeguarding and child protection expectations. Every member of staff and every student has a shared responsibility in promoting and maintaining the highest standards of behaviour for learning.

The primary aim of this policy is not to enforce rules for their own sake, but to promote good relationships, so that every member of the Madrasa community can work and learn together with mutual trust, respect, and a shared sense of purpose. Rules and sanctions exist to support this aim, not to replace it.

This policy must be read alongside the Madrasa's Safeguarding & Child Protection Policy. Where any part of this Behaviour Policy could create a situation of an adult being alone with a single child, the safeguarding policy takes precedence and must be followed.

All pupils will:

- Treat all young people and adults with respect
- Speak politely and appropriately to others
- Develop self-confidence and healthy self-esteem
- Aim for high standards of attendance and punctuality
- Take care of all madrasa equipment, resources, and buildings

2. Behaviour

The madrasa aims to provide a safe, secure, and supportive environment in which pupils can learn effectively and teachers can teach with confidence. There is a clear link between positive behaviour and successful learning. It is the responsibility of all staff to guide, support, and encourage pupils to understand and demonstrate socially acceptable and appropriate behaviour.

To support this, staff will:

- Model exemplary behaviour at all times
- Treat all pupils, parents, and colleagues with respect
- Communicate politely and professionally
- Build pupil confidence and self-esteem through positive reinforcement
- Avoid critical, aggressive, or sarcastic language
- Recognise and celebrate pupil effort, improvement, and achievement regularly
- Keep parents informed about progress, behaviour, and successes
- Use rewards and sanctions fairly, consistently, and proportionately
- Challenge unacceptable behaviour calmly and appropriately
- Work in partnership with parents through regular communication to support behaviour improvement

A Note on Age, Before Reading Further

The sanctions ladder, demerit system, and detention procedures described in this policy are designed for pupils aged 7 and above. They are not applied to younger children.

For younger children (ages 5–6), the madrasa's approach to behaviour is entirely positive and developmental: gentle verbal redirection, consistent routine, modelling, and positive reinforcement. Demerits, detentions, isolation, and report cards are never used with this age group. Any behavioural concern involving a younger child will be addressed through a supportive conversation with the parent or carer, not through the sanctions system set out in this policy.

Settling in new starters

New pupils, particularly younger children joining for the first time, are given a short settling-in period at the start of the academic year during which staff observe how well the child is adjusting to the madrasa environment. This is a supportive process, not a test: its purpose is

to identify early on, in partnership with parents, whether a child may need additional support to settle in happily and safely, rather than waiting until a pattern of difficulty has built up over a full term.

Where staff have concerns about a new starter's settling-in, particularly a reception-age child, these will be discussed with the parent or carer promptly and sensitively, with the aim of agreeing a way forward together.

3. Courtesy

When speaking and responding to others, all pupils are expected to observe the normal conventions of courtesy. Pupils should therefore:

- Be honest and truthful at all times
- Use language appropriate to the learning environment
- Speak politely, calmly, and respectfully to all adults, including teaching staff, support staff, and visitors
- Speak courteously to other pupils, including those carrying out responsibilities or duties
- Address adults using appropriate titles
- Follow expected conduct during assemblies and collective activities, whether on site or off site, including walking quietly and sensibly between classrooms and the masjid, and remaining silent and respectful during salah times

4. Consideration & Concern for Others

All members of the madrasa community are expected to respect the dignity, rights, and wellbeing of others and to support the academic and personal development of their peers. Pupils should therefore:

- Treat all members of the madrasa community equally and with kindness
- Show care and concern for the feelings and wellbeing of others
- Encourage and support fellow pupils
- Act as positive role models, particularly to younger pupils

5. Anti-Bullying & Peer Relations

Pupils are expected to help create and maintain an environment free from bullying, harassment, and intimidation. Therefore, pupils must not:

- Use insulting, abusive, or hurtful language or images, whether face to face, written, or online
- Engage in bullying through social media, messaging platforms, mobile phones, camera phones, or any form of digital technology
- Make racist, sexist, homophobic, or discriminatory comments of any kind
- Use behaviour, gestures, teasing, or body language that others may find threatening or intimidating
- Use physical violence or aggression in any form
- Exclude others from friendship groups as a means of control or intimidation

- Spread rumours or engage in gossip
- Disrupt learning or cause others to underperform academically
- Undermine the confidence or self-esteem of others

Reporting concerns

To help prevent and address bullying or harmful behaviour, pupils are encouraged to report concerns without delay to a member of staff, preferably the designated Bullying Coordinator. This includes:

- Experiencing any of the behaviours outlined above
- Witnessing such behaviour towards another pupil
- Noticing a pupil who appears distressed, upset, or withdrawn

Any report that suggests a child may be at risk of harm, rather than ordinary peer conflict, must be passed to the Designated Safeguarding Lead in line with the Safeguarding & Child Protection Policy.

⚠ Child-on-Child Abuse, Zero Tolerance

Darul-ilm Kent takes a zero-tolerance approach to child-on-child abuse. Where an incident involves one pupil sexually harassing, persistently targeting, or seriously harming another pupil, whether physically, sexually, or emotionally, this must be treated as a child-on-child abuse concern under the Safeguarding & Child Protection Policy, and not only as a behaviour matter to be resolved through the sanctions ladder. The Designated Safeguarding Lead must be informed immediately.

Both the pupil who has been harmed and the pupil responsible for the harm require appropriate support. Neither pupil's welfare should be neglected while the matter is addressed, and the DSL will determine whether external referral is needed alongside any internal sanction.

6. Expectations of Behaviour In and Around the Madrasa

General expectations

- Reasonable instructions from any member of staff must be followed promptly and without argument
- Rudeness, disrespect, or insolence towards staff, volunteers, or visitors is not acceptable and will not be tolerated
- Pupils must follow all health and safety rules as outlined in the Madrasa Code of Conduct
- Pupils must comply with all rules relating to mobile phones and electronic devices, including the appropriate use of computer hardware and software, messaging services, access to data, and online content
- Eating is not permitted during class hours

- Pupils may drink water at any time and in any area of the madrasa, provided it is done sensibly and without disruption. Students should bring their own water bottles
- Chewing gum is not permitted anywhere on the madrasa premises
- Electronic devices are not permitted in the madrasa during madrasa hours, unless explicitly authorised by staff
- Pupils are expected to use break times for toilet visits. Requests to leave lessons will only be granted in cases of sudden illness or where a medical condition has been previously notified to staff

7. Health & Safety

All members of the madrasa community are expected to take reasonable care for the health and safety of themselves and others at all times.

Movement around the madrasa

To maintain a safe and orderly environment, pupils must:

- Walk sensibly when entering and moving around the madrasa building
- Refrain from running inside the madrasa at all times
- Show patience and avoid pushing, particularly on stairs and in corridors
- Give way to others at doorways and allow people to pass safely
- Hold doors open for those walking behind where appropriate
- Line up when instructed, in a calm, sensible, and orderly manner

All health and safety rules, procedures, and guidance outlined in the madrasa's separate Health and Safety Policy must be followed at all times.

Pupil supervision and whereabouts

Pupils must ensure that the madrasa is always aware of their whereabouts. Pupils must remain on the madrasa premises during the madrasa day unless written permission to leave has been provided by a parent or carer and approval has been given by the Head Teacher.

Safety procedures and emergency response

Pupils are expected to respect and follow all procedures designed to ensure their safety. This includes not tampering with, misusing, or interfering with safety equipment, including fire alarms and fire-fighting appliances, and cooperating fully and calmly during fire drills and practice evacuations.

8. Respect for Property

All members of the madrasa community are expected to respect and take responsibility for property, including their own belongings, the belongings of others, and all madrasa property. Pupils are therefore expected to:

- Hand any lost property to the madrasa office promptly

- Avoid bringing valuable items or large sums of money to the madrasa
- Carry any necessary money securely in a named purse, wallet, or envelope at all times
- Treat all madrasa property, including books, furniture, desks, equipment, and buildings, with care and respect
- Report any damage to madrasa property or the presence of graffiti to the Head Teacher immediately, or as soon as it is noticed
- Clear away litter and tidy up after snacks and before leaving the class
- Keep classrooms, corridors, locker areas, changing rooms, and outdoor areas clean and tidy
- Avoid placing personal belongings on top of lockers or in unsafe areas
- Dispose of litter responsibly in bins provided
- Take care not to damage displays, notices, or learning materials when moving around the premises

Please note that the madrasa cannot accept responsibility for the loss, theft, or damage of personal belongings.

9. Promoting the Madrasa and Its Ethos

All members of the madrasa community are expected to uphold and promote the highest possible standards of conduct, reflecting positively on themselves and on the madrasa at all times. Pupils are therefore expected to:

- Be mindful of the impression they create and ensure it is positive and respectful
- Dress appropriately for the madrasa by wearing the correct uniform, ensuring it is clean, well maintained, and in line with the madrasa dress code (full details are provided in the Uniform Policy and pupil planner)
- Adhere to the madrasa dress code during off site activities and visits
- Behave politely, respectfully, and considerately at all times within the madrasa, during extra-curricular activities, on off site visits, and when travelling to and from the madrasa, including on public transport
- Conduct themselves fairly and respectfully during competitive events
- Welcome visitors to the madrasa in a friendly, helpful, and respectful manner

10. Equality Act 2010

This policy recognises the madrasa's legal duties under the Equality Act 2010. The madrasa is committed to ensuring equality of opportunity, safeguarding, and fair treatment for all pupils, including those with special educational needs (SEN) and disabilities. Reasonable adjustments will be made where appropriate to support pupils in accessing education and meeting behavioural expectations. Where a pupil's behaviour may be connected to an unmet additional need, staff will consider this before applying a sanction, and will discuss the matter with parents and, where appropriate, the Head Teacher before escalating.

11. Rewards and Sanctions

The madrasa seeks to encourage, recognise, and reward positive attitudes, good behaviour, strong attendance, and achievement. This is done through a structured system of rewards, which may include certificates, letters of commendation, individual or class prizes, trips, and activities.

Where a pupil fails to meet expected standards or breaches the Madrasa Code of Conduct, appropriate sanctions will be applied. Pupils are expected to take responsibility for their actions and understand that choices have consequences. As set out above, this section applies to pupils aged 7 and above.

Principles underpinning the sanctions policy

- Teachers have the authority to discipline pupils whose behaviour is unacceptable, who break madrasa rules, or who fail to follow a reasonable instruction
- This authority applies to all teaching and non-teaching staff who have responsibility for pupils
- Sanctions will be applied fairly, proportionately, and consistently to all pupils
- Pupils may be disciplined for misbehaviour at any time during the madrasa day and, where appropriate, for behaviour outside the madrasa, including on educational visits, when travelling to and from the madrasa, or through misuse of social media and online platforms
- Detentions may be used during or at the end of madrasa sessions in line with the procedure set out below
- Pupils may be kept briefly at the end of the madrasa session, for no more than 10 minutes, for a quiet word about their behaviour. Where a longer or formal detention is required, the notice procedure in Section 13 applies
- Staff may confiscate pupil property where it is reasonable and necessary to do so
- The madrasa does not have the statutory search powers available to maintained schools. Staff may ask a pupil to hand over a prohibited item voluntarily, or may ask a parent to collect it; staff will not physically search a pupil

⚠ Lone Working During Sanctions, Safeguarding Comes First

All detentions, isolation, report card check-ins, and one-to-one behaviour conversations must be carried out in line with the Madrasa's Safeguarding & Child Protection Policy regarding lone working. They must take place in an open space or a room with the door open or a visible glass panel, and never with a single adult alone with a single child in a closed room. Where possible, a second member of staff should be aware that the conversation or detention is taking place.

Full details of the madrasa's reward system and the range of minor and major sanctions for poor behaviour are set out in Appendix 1: Rewards and Sanctions.

Appendix 1: Rewards and Sanctions

Rewards

The madrasa seeks to encourage and celebrate positive attitudes, excellent behaviour, strong attendance, effort, and achievement through a structured system of rewards and recognition.

A pupil may receive a Letter of Commendation for an outstanding piece of work, a consistently high level of effort, or a particularly significant contribution to the madrasa community.

Pupils take part in a points system designed to recognise and reward achievement, effort, good behaviour, and positive citizenship. Points are accumulated and recognition is given to students depending on the number of points earned (full details are provided in the pupil planner and Appendix 2: Rewards).

End of term rewards and recognition

Individual and class based certificates and prizes are presented during a special end of term assembly. These awards recognise the following achievements:

- The pupil with the highest and second highest number of merits in each year group
- The year group with the lowest number of demerits per term
- Pupils achieving 100% attendance during the term
- Pupils achieving 100% attendance for the entire academic year, recognised at the End of Year Celebration
- Pupils who have received no demerits during the whole academic year
- The Head Teacher's Award, presented once per term to one pupil in recognition of exceptional effort, character, improvement, leadership, or contribution to the madrasa

Sanctions (pupils aged 7 and above)

Where a pupil breaches the Madrasa Code of Conduct, they are expected to take responsibility for their actions and accept the consequences. Sanctions will be applied fairly, proportionately, and consistently to all pupils aged 7 and above. As set out in Section 2A, younger children (ages 5–6) are never placed on the sanctions ladder below.

Minor and first time misdemeanours

For isolated or minor incidents, sanctions may include:

- Students are reminded lightly, and given up to three informal reminders of their misbehaviour
- Repositioning the pupil within the classroom, in clear view of the teacher and other pupils
- If the misbehaviour persists, they may be sent to another class for a period of time, where they will be supervised by that class's teacher
- Setting additional subject related work
- Detention after the madrasa session, in line with the procedure in Section 13
- Assigning tasks that contribute positively to the madrasa community, either during or after break time, always under staff supervision in a visible area

Demerits

A system of demerits is used to address low level but repeated infringements, such as failure to submit homework on time, arriving late to the madrasa or lessons, talking at inappropriate times during lessons, forgetting required equipment, not responding to the teacher when required to do so, or constantly distracting other students. These infringements are listed in detail in the pupil planner (see Appendix 3: Sanctions).

Where a pupil receives five demerits, they may be required to attend an after madrasa detention, in line with the madrasa's detention procedure.

Serious or persistent misdemeanours

In cases of persistent poor behaviour or a serious breach of conduct, a higher level sanction may be imposed. Such decisions will be made by the Head Teacher, and parents will be informed accordingly. Possible higher level sanctions include:

- Daily monitoring through a report card, completed at a fixed time and visible location with another adult nearby
- Suspension from specific lessons or activities
- Supervised isolation, as defined in Section 12 below
- Implementation of a pupil behaviour support plan, agreed with parents
- A period away from the madrasa while the matter is resolved with parents
- In the most serious cases, asking a family to permanently withdraw their child from the madrasa, as a last resort

All serious sanctions will be applied in line with safeguarding guidance and the madrasa's wider policies.

Asking a Family to Leave the Madrasa

Unlike a maintained school, the madrasa does not operate under the statutory exclusion framework set out in the Education Act. Where a pupil's behaviour seriously and persistently breaches this policy, or where continued attendance would seriously harm the safety or wellbeing of others, the Head Teacher may ask the family to withdraw the pupil from the madrasa, either for a fixed period or permanently. This is a contractual decision about continued attendance, not a statutory exclusion, and parents will always be informed of the reasons in writing.

Circumstances that may lead to a pupil being asked to leave include, but are not limited to:

- Possession or use of weapons or illegal substances
- Drug dealing or intent to supply illegal substances
- Serious threats of violence or acts of physical violence
- Persistent or severe bullying
- Persistent and serious breaches of this Behaviour Policy
- Behaviour indicating that the pupil's continued presence poses a serious risk to the safety or wellbeing of others
- Highly inappropriate, abusive, or threatening language or behaviour towards staff, volunteers, or visitors
- Theft or serious dishonesty

All such decisions will be taken by the Head Teacher, with parents informed promptly and in writing, and with due regard to safeguarding, the Equality Act 2010, and the pupil's individual circumstances.

12. Isolation, Definition and Safeguards

Where isolation is used as a sanction, the following must always apply:

- Isolation means a pupil completing set work under direct staff supervision, in a designated and clearly identifiable space separate from their usual class
- A pupil is never left without supervision and is never placed in a locked or fully closed, unobserved room. The space used for isolation must have an open door or a visible glass panel at all times
- Isolation lasts no longer than the remainder of the single session in which it is applied. It is never carried over to a following day or session
- During isolation, the pupil continues with set classwork; isolation is not unstructured or unsupervised time
- Parents or carers will be informed on the same day that isolation has been used, and why
- Isolation is never used with pupils aged 5–6, in line with Section 2A

13. Detention Procedure

Where it is considered necessary to place a pupil in a formal after madrasa detention, parents or carers will be informed in writing at least 24 hours in advance. Notification will either be provided by a detention letter, or be sent via text or WhatsApp message where appropriate, and will also be noted in the pupil's file.

After madrasa detentions are usually held once per week, and will take place in a space with the door open or clearly visible to other staff, in line with the safeguarding note in Section 11. Parents are responsible for making appropriate transport arrangements to ensure their child returns home safely following the detention.

If a pupil is absent on the day a detention is scheduled, the detention will be rearranged for the next available session. If a pupil is present at the madrasa but fails to attend a detention for which they have been notified, the detention will be rescheduled and doubled, requiring the pupil to attend on two separate occasions.

All formal detentions will be recorded in the pupil's individual madrasa record and may be referenced in termly reports.

Appendix 2: Recognition, Rewards, and Achievement

The madrasa seeks to encourage, recognise, and reward positive attitudes, good behaviour, strong attendance, and academic achievement through a structured system of points, certificates, letters of commendation, and individual prizes.

End of term awards

End of term certificates may be awarded in recognition of: Most Points Earned, Most Improved, Most Helpful, Most Consistent, 100% Attendance and Punctuality, Positive Attitude, Best Manners, and the Head Teacher's Award, given in recognition of exceptional effort, character, improvement, leadership, or contribution to the madrasa.

Completion and memorisation certificates

Certificates may also be awarded for significant learning milestones, including completion of the Qā'idah; for younger students (ages 5–6) memorisation of their assigned surahs with outstanding tajwid; for older students, memorisation of substantial sections of surahs from their surah programme; memorisation of Sūrah Yāsīn, Sūrah as-Sajdah, and Sūrah al-Wāqī'ah; and memorisation of Juz' 'Ammā.

Subject proficiency certificates (examinations)

Students may also earn subject specific certificates by achieving a score of 90% or above in formal assessments. These assessments are offered as optional extra curricular activities to demonstrate subject proficiency. Certificates may be awarded in Fiqh (Ṭahārah, Ṣalāh, Ṣawm and Zakāh, Ḥajj and 'Umrah), Sīrah (the Makkan and Madinan periods), Stories of the Prophets, and Adhān with excellent tajwīd.

Outstanding Achievement Board

The names of students who successfully pass subject examinations or achieve notable milestones will be displayed on the Outstanding Achievement Board, in recognition of their effort, commitment, and excellence.

Students may earn two points for reading at home for a minimum of 20 minutes, or for completing additional homework set by the teacher beyond regular Qur'an or surah memorisation.

Students earn one point for: reading a line of Qā'idah fluently and to a high standard; memorising assigned āyāt on time; reading the Qur'an accurately and with excellent presentation; revising previously memorised work effectively; answering questions correctly; participating positively and respectfully in class discussions; and producing an outstanding or high quality piece of work.

Students also earn one point for behaviour and manners, including remaining focused throughout the lesson without reminders, apologising appropriately when at fault, demonstrating honesty and integrity, showing clear improvement in behaviour compared to the previous week, and being helpful to others in an appropriate and respectful manner.

A further point is earned for respect and adab, including entering and leaving the classroom with proper etiquette: arriving on time, taking out books promptly and beginning work immediately, and giving salām to the teacher respectfully.

Appendix 3: Sanctions Reference Table

All pupils are expected to conduct themselves in an exemplary manner at all times. This includes responding promptly and respectfully to all reasonable instructions given by staff, and showing courtesy and consideration towards all members of the madrasa community as well as members of the public.

Where a pupil fails to meet these expectations or breaches madrasa rules, appropriate sanctions will be applied in accordance with the procedures set out below. This table applies to pupils aged 7 and above.

Sanctions Ladder

Where a pupil is misbehaving or talking out of turn, staff will follow these steps in order, except where the behaviour is serious enough to warrant immediate referral to the Head Teacher under Section 11:

Step 1, First verbal warning

The pupil is given a verbal warning.

Step 2, Second verbal warning and explanation

A second warning is given and the pupil is clearly told what they have done wrong and what is expected instead.

Step 3, Third verbal warning

If the behaviour continues, a third verbal warning is given and the pupil is told this is their final warning

Step 4, Repositioned within the classroom

If the behaviour continues, the pupil's place is moved to a different position within the same classroom, in clear view of the teacher.

Step 5, Sent to a different classroom

If the behaviour continues, the pupil is sent to a different classroom, where they will be supervised by that class's teacher, usually for 5 – 10 minutes, in line with Section 11.

Step 6, Referred to the Head Teacher

If the behaviour continues, the pupil is sent to the Head Teacher. Further actions may include parental contact, a demerit, detention, or, in line with Section 11's principles, a behaviour support plan, depending on the nature and persistence of the behaviour.

How the ladder is applied

- Not all behaviours start at Step 1. Serious incidents (for example those listed in Section 11) may result in immediate referral to the Head Teacher
- The sanctions ladder applies only to pupils aged 7 and above, in line with Section 2A
- Staff will apply the ladder fairly, calmly, and consistently, working through each step in order before moving to the next
- The aim at every stage is improvement, learning, and personal responsibility, not punishment for its own sake
- Dignity and safeguarding of pupils will be maintained at all times, including the lone working safeguard set out in Section 11

Appendix 4: Template Letters to Parents

The following templates support staff in communicating consistently with parents about behaviour matters. They may be sent by letter, text, or WhatsApp message in line with the Madrasa's usual communication channel, and a copy should be kept in the pupil's file.
